Introduction:

The purpose of this full Denmark 4th Quarter of 2005 disbursements extract of DbIS is to provide Donors and the Government of Mozambique with a greater understanding of Denmark's activities in Mozambique. This exercise is part of the EU effort to strengthen Coordination & Harmonization in the follow up of the EU pilot Initiative on Coordination & Harmonization and a consequence of donor reporting requirements towards the Government of Mozambique, and in special the Departamento de Cooperação Internacional (DCI) and Departamento Nacional de Plano e Orçamento (DNPO) at the Ministry of Plan and Development (MPD).

The data provided is based on the data provided by the Danish Embassy in Mozambique. Completeness and exactness can only be guaranteed up to the 4th Quarter 2005 disbursement data. Forecast data is subject to own judgment of those reporting, and therefore might not always represent reality.

The only sector codification allowed is the unique DAC/CRS sector classification which provides one five digit sector code per project, which should be the same in Headquarters and Field Offices. This will allow data from DbIS from different Donors to be compared nationally and internationally while at the same time providing a standard basis for analysis.

The same kind of report on 4th Quarter disbursements 2005 is available for each individual Donor participating in DbIS and for future quarterly reporting towards the Government of Mozambique.

Attached you will therefore find a list of all Denmark's project disbursements as well as forecasts, a list of all Denmark's projects available as Project Fact Sheets as well as a glossary of all the fields that may be mentioned in the Project Fact Sheets.

Description of Data Fields in DbIS		
1.	Project / Programme Title	Content/description: A short, for the general public understandable title for the project.
2.	Project Number	Member State specific project number. EC Example: 9ACPMOZ001
3.	Mozambique Budget Project Nr.	So far rarely used field for input of the related to Mozambican Project Nr in the State Budget: OGE
4.	Donor	Name of EU Member State
5.	CRS ID No.	The CRS ID No. is given to a specific project once first reported to the OECD DAC/CRS system in order to track future commitment and disbursement data. Input of this field will be needed only in a future step once DAC/CRS reporting becomes more reliable.
6.	Project Description	<ul style="list-style-type: none"> The project description preferably consisting of Context, Goals/objectives and Key activities (main actions to achieve above described goals)
7. – 8.	Duration and status of project	The duration is the time from the actual project start (signing of e.g. contract) - to the actual anticipated project end date, which means that delays are taken into consideration. The status of a project can be selected to be either pipeline (design), ongoing or completed.
9.	Funding Type	<p>The project / programme's funding type:</p> <ul style="list-style-type: none"> Grant or Loan; A grant is a fund given as a gift for a specified purpose by a multilateral institution, a government, a non-governmental institution, a foundation, a company or an individual. A loan is a fund which must be repaid If it is On/Off Budget, meaning it appears or does not appear in the Orçamento Geral do Estado OGE; Whether it is Budget Support, a SWAP, a Project, Technical Assistance or a Study
10.	Total Amount Committed (EURO)	The amount of funding (up to date, in EURO) that has been committed. A commitment is a firm obligation expressed in an agreement or equivalent contract.
11.	Total Amount Disbursed (EURO)	The amount of project / programme funds (in EURO) that have been paid up to date.
12.	Total Amount Disbursed until 2004 (EURO)	The amount of project / programme funds (in EURO) that have been paid up to 31.12.03. Necessary for historic financial data
13.	Un-disbursed Funds (EURO)	The actual amount of funds (in EURO) still available at current date / moment.
14.-15.	Disbursements to Date and Forecasts (EURO)	<p>The amount of funds (in EURO) paid per Quarter of the Year, looking back 1 Year (here 2004), the present Year (here 2005) and the forecasts for the Quarters ahead of the present Year and the Year ahead (here 2006).</p> <p>The data calculated in the disbursed fields always takes the passed Quarters into account.</p> <p>Remarks:</p> <ul style="list-style-type: none"> Zero values in individual quarters are not displayed in reports. E.g. 0 Euros disbursed in 2004. 2004 will not appear.

Description of Data Fields in DbIS		
16.	Member State Contact	Either a person who directly answers questions, inquiries or feedbacks, or an administrative assistant who coordinates them.
17.	Project Internet Link	A direct web link to existing, more detailed project information on the internet (if available)
18.	DAC Sector	<p>Context/description: Area(s) of core activity of a project.</p> <p>As the DAC/CRS Sector codification is the only international standard useable for interagency or inter-donor statistical comparability, only this type of codification is used.</p> <p>The selection of only one sector is allowed. It is extremely important, that the selection reflects the official DAC/CRS codification used by the member State for reporting to the OECD. Member States should therefore request this information from their Head Quarters in case this information is not available in their Field Office.</p> <p>In case of any doubts and for further information, please contact alexander.boherr@cec.eu.int</p>

Project Title	Urban Environment Management in 5 Municipalities				
Donor Project Number	104.Moz.1.MFS.12				
Donor	DENMARK				
Project Description	<p>This component seeks to achieve its development objective by assisting the realisation of GOM's decentralisation strategy in the area of Urban Environmental Management. The component will provide tools, build capacity and fund projects aimed at improving the urban environment such that, at the end of the component: (a) Target municipalities and other relevant public institutions capacitated and using appropriate tools, systems and procedures effectively to identify, prioritise and address urban environmental threats within their jurisdictions. (b) Groups within civil society in target municipalities strengthened and using appropriate tools, systems and procedures to contribute effectively to identify, prioritise and address urban environmental threats. (c) Urban environmental priorities of the poorest men and women addressed in the target municipalities yielding improvements in public health, access to services and amenity. The target municipalities are 5 small to medium sized towns in the Zambézia, Nampula and Cabo Delgado provinces in the central and northern part of Mozambique. The main outputs include preparation of Municipal Environmental Action Plans (MEAPs) and implementation of small and micro-projects to facilitate the implementation of the MEAPs. The small and micro projects are expected to have immediate beneficial effects on the living conditions of the poorest sections of the local communities.</p>

Project Title	Support to Environmental Management Strategy for Greater Maputo Area				
Donor Project Number	104.Moz.1.MFS.14				
Donor	DENMARK				
Project Description	This component seeks to assist the GOM to develop an Environmental Management Strategy that is expected to provide government decision makers with tools and a framework for evaluating the consequences of specific actions or government programmes. The strategy will provide a framework for appropriate solutions to environmental problems in the Greater Maputo Area (including Maputo and Matola Muicipalities and district of Boane and Marracuene), which are many and diverse, several with a magnitude that extends beyond the administrative boundaries of one municipality or one district. The implementation of demonstration projects will be an integrated part of developing the strategy in order to test these solutions.

Project Title	Agricultural Sector Programme Support (ASPS)				
Donor Project Number	104.Moz.805				
Donor	DENMARK				
Project Description	<p>The overall objective of the Danish support to the Agricultural Sector of Mozambique is to improve the livelihood for the smallholder farmers and their families. The focus on the family farming sector requires a holistic approach. Consequently, the programme is providing inputs to a wide range of activities in both the agricultural sector, the road sector and in the agri-business and –marketing sub-sectors. The Danida ASPS has the following main components: Support to PROAGRI Sector budget support to the Mozambican Government's National Agricultural Programme (PROAGRI) - at national level and in the provinces of Tete, Manica and Cabo Delgado. The component is focusing on the core functions of MINAG. i.e. financial management, planning and monitoring systems; agricultural research and natural resource management Support to Rural Roads Support to the Mozambican Government to rehabilitate and maintain rural roads in specific agricultural areas in Tete and Manica provinces. The component is executed under the National Road Administration and implemented by the Provincial Roads Departments (DEP). A main objective of the component is to provide smallholders with improved access to markets for selling their produce as well as to input supplies and services, but the short-term effects in terms of employment of local unskilled labour have been very effective, generating over 200.000 person days of employment. Support to Private Sector Development Support to Private Sector development in Manica, Tete and Cabo Delgado provinces. The component, known as ADIPSA (Apoio ao Desenvolvimento de Iniciativas Privadas no Sector Agrário) is formally under the auspices of Ministry of Agriculture (MINAG), but in operational terms implemented by independent project offices in the 3 provincial capitals. A main objective for ADIPSA is to support increased access for smallholders to the market economy, such as credit, markets and input supply. The ADIPSA offices in Manica and Tete were established in 2000, the office in Cabo Delgado only in 2003. They provide support for private sector development through initiatives such as support to commercial activities by farmers groups and organisations, for example out-grower schemes, provision of business development services, for example support to business plan development, credit schemes, agro-processing and marketing initiatives and micro-projects of various kinds.</p>

Project Title	Agricultural Sector Programme Support (ASPS), Phase II				
Donor Project Number	104.Moz.805-200				
Donor	DENMARK				
Project Description	<p>The overall objective of the Danish support to the Agricultural Sector of Mozambique is to improve the livelihood for the smallholder farmers and their families. The focus on the family farming sector requires a holistic approach. Consequently, the programme is providing inputs to a wide range of activities in both the agricultural sector, the road sector and in the agri-business and –marketing sub-sectors. The Danida ASPS has the following main components: Support to PROAGRI Sector budget support to the Mozambican Government's National Agricultural Programme (PROAGRI) - at national level and in the province of Cabo Delgado. The component is focusing on the core functions of MINAG. i.e. financial management, planning and monitoring systems; agricultural research and natural resource management Support to Rural Roads Support to the Mozambican Government to rehabilitate and maintain rural roads in specific agricultural areas in Tete and Manica provinces. The component is executed under the National Road Administration and implemented by the Provincial Roads Departments (DEP). A main objective of the component is to provide smallholders with improved access to markets for selling their produce as well as to input supplies and services, but the short-term effects in terms of employment of local unskilled labour have been very effective, generating over 200.000 person days of employment. Support to Private Sector Development in Manica, Tete and Cabo Delgado provinces. The component, known as ADIPSA (Apoio ao Desenvolvimento de Iniciativas Privadas no Sector Agrário) is formally under the auspices of Ministry of Agriculture (MINAG), but in operational terms implemented by independent project offices in the 3 provincial capitals. A main objective for ADIPSA is to support increased access for smallholders to the market economy, such as credit, markets and input supply. ADIPSA provides support for private sector development through initiatives such as support to commercial activities by farmers groups and organisations, for example out-grower schemes, provision of business development services, for example support to business plan development, credit schemes, agro-processing and marketing initiatives and micro-projects of various kinds.</p>

Project Title	Danish Health Sector Support Programme, HSPS III				
Donor Project Number	104.Moz.810				
Donor	DENMARK				
Project Description	<p>Danish support to the Health SectorHealth is a main priority in the Mozambican Government Five-year programme and in the poverty reduction strategy (PARPA). The Mozambican Government approved the first national health strategic plan in 2001 and is about to revise this plan in 2005.The Danish Health Sector Programme Support (HSPS) in Mozambique started in 1992 after the civil war. Its focus has consistently been on health service delivery and until 2002 support was mainly provided to the provincial health directorate in the province of Tete, where support, in accordance with national policy, has been provided to the rehabilitation of the primary health care system, human resource development and training. The third phase of the Danish HSPS with an overall budget of 164.5 mill. DKK covers the 5-year period 2002-2006. The programme aims to enhance public sector health delivery both at the central government level and at the provincial level in Tete. The programme has four main components:Component 1: Support to Implementation of the Provincial Strategic Health Plan, is intended to enhance the technical planning capacity in the Provincial health directorate and in the Provincial plan and financial directorate in Tete Province and to enable the health centres to function adequately.Component 2: Support to Implementation of the National Health Sector Strategic Plan, is designed help to enhance capacity of central institutions in three different areas: adopting a sector-wide approach to health (SWAP); human resource development; and supporting development of a medical supply system. Component 3: HIV/AIDS in the Health Sector emphasises that HIV/AIDS is not only a health problem but also a social problem affecting all parts of society. Support will be provided to intensifying communication and strengthening the knowledge base as regards HIV/AIDS and its prevention. Initiatives geared to preventing the transmission and ensuring proper treatment and safety in hospitals and clinics will be introduced at provincial and district level in Tete, with a focus on both staff and the general population. Component 4: The provincial health directorate in Tete, is provided with broad based financial support to help its staff implement the Provincial Strategic Health Plan. Support for the rehabilitation of the hospital is also forthcoming under this component</p>

Project Title	Danish Support to Public Sector Reform in Mozambique Component 1UTRESP				
Donor Project Number	104.Mozambique.102-1				
Donor	DENMARK				
Project Description	<p>Public Sector Reform in Mozambique has reached a crucial point: The Global Strategy for Public Sector Reform 2001 - 2011 has been approved by Government, and the new Public Sector Reform was launched by the President in June 2001. This reform will encompass deep-going changes, ranging from overall functional analysis and restructuring of Government institutions and services, over decentralisation and public control, to training as well as salary-, pension- and incentive schemes. The Reform has five components: 1. Decentralization and restructuring 2. Improved policy formulation process from ministries through parliament 3. Enhancing professionalism of the public sector 4. Improved public financial management 5. Curbing corruption. A number of other donors have indicated their interest in supporting the Reform, including the World Bank, UK, Ireland, Norway and Denmark. Other donors like Sweden point at ongoing activities through which they are already supporting the reform process. The Technical Unit for Public Sector Reform (UTRESP) is assigned the responsibility to operationalize and coordinate the planning and implementation of the Reform, and it has responded very positively to this assignment during the first year of operation. It is, however, crucial to maintain the momentum created by the approval of the Reform strategy and for this purpose to ensure that UTRESP will be capable of continuously drive the process. For the actual Component 1 of the Danish support programme, the proposed development objective is: Enhanced capacity of the public sector to coordinate the reform all over the country, to take into account important cross cutting issues and to restructure its institutions in order to make the sector more efficient and effective in delivering services especially to the poor. UTRESP will be implementing agency for Component 1 of the Danish support to the Public Sector Reform. Close cooperation will take place with UNDP (for management of Sub-component 3) and with a number of other donors (for contribution to and management of the Sub-component 2 concerning set up of a donor pool fund).</p>

Project Description	The Danish Energy Sector Programme Support (ESPS) is intended to contribute to and facilitate the Government of Mozambique in the implementation of its National Energy Strategy (NES) and to be complementary to other donors' support to the energy sector. The assessment of the perspectives for development of the energy sector in Mozambique has led to the concentration on three focal areas: i) enhancement of national sector institutions and coordination mechanisms; ii) strengthening of the national electricity operator; and iii) improvement of local energy management. The development objective of the ESPS is to contribute to economic and social development by promoting access to appropriate and competitive energy services that enhance the livelihood and welfare aspects of urban and rural communities in all provinces of Mozambique. The following three components of the ESPS have been formulated accordingly: 1) Support to National Energy Sector Institutions; 2) Support to the National Electricity Operator (EdM); and 3) Support to Decentralised Energy Management

Project Title	Statistic-INE				
Donor Project Number	104.Mozambique.98				
Donor	DENMARK				
Project Description	The project seeks to strengthen the National Statistical System (SEN) through the support to The National Statistical Institute (INE), incl. its Provincial Branches, so that it will efficiently generate reliable, relevant and timely statistical information to support the planning, management, monitoring and documentation of Mozambique's economic and social development. This will be achieved through the provision of long- and short-term technical assistance, formal and in-house training and support to surveys and operational activities, assistance in the preparation of key statistical series, urgently required for social and economic planning, management and monitoring. The project will thus give continuity to the institutional development of INE. Support to INE will be provided by Denmark, Norway and Sweden in the form of a joint Scandinavian institutional support project in cooperation with the Scandinavian Statistical Bureaux.
