## **Introduction:**

The purpose of this first full Portugal 3<sup>rd</sup> Quarter of 2005 disbursements extract of DbIS is to provide EU Member States, other Donors and the Government of Mozambique with a greater understanding of Portugal's activities in Mozambique. This exercise is part of the EU effort to strengthen Coordination & Harmonization in the follow up of the EU pilot Initiative on Coordination & Harmonization and a consequence of donor reporting requirements towards the Government of Mozambique, and in special the Departamento de Cooperação Internacional (DCI) and Departamento Nacional de Plano e Orçamento (DNPO) at the Ministry of Plan and Development (MPD).

The data provided is based on the data provided by the Embassy of Portugal in Mozambique and IPAD in Portugal. Completeness and exactness can only be guaranteed up to the 4<sup>th</sup> Quarter 2004 disbursement data. As data continues just to be available for the 2004 Total, integration into DbIS had to be deliberate for technical reasons and the 3<sup>rd</sup> Quarter 2004 was chosen. Data and forecasts for 2005 and 2006 were not made available by IPAD or the Embassy of Portugal in Mozambique.

The only sector codification allowed is the unique DAC/CRS sector classification which provides one five digit sector code per project, which should be the same in Headquarters and Field Offices. This will allow data from DbIS from different EU donor countries to be compared nationally and internationally while at the same time providing a standard basis for analysis.

The same kind of report on 3<sup>rd</sup> Quarter disbursements 2005 is available for each individual EU Member State and the EC Delegation to Mozambique and for future quarterly reporting towards the Government of Mozambique.

Attached you will therefore find a list of all Portugal's project disbursements as well as forecasts, a list of all Portugal's projects available as Project Fact Sheets as well as a glossary of all the fields that may be mentioned in the Project Fact Sheets.
