PRIORITY COUNTRY — NICARAGUA

Bilateral relations between Austria and Nicaragua intensified in the early 1980s. It should be mentioned that Austrian NGOs played a very important role since thanks to them, in the early 1990s, Nicaragua became a priority country for Austrian Cooperation. There are more than 30 sister-city or twinning relations between Austria and Nicaragua and there are several cooperation relations between schools.

In the early 1990s, Austrian Development Cooperation was able to articulate many diverse activities into a Country Programme and it brought cooperation with Nicaragua into a structured form. In recent years, fostered

German development cooperation has the general objective of contributing to the creation of dignified lives of all human beings, promoting democracy, economic development, a fairer distribution of income, and the sustainable use and protection of natural resources. In these efforts, the Millennium Development Goals make up the framework for the obligatory orientation of German cooperation. Germany is also committed to a process of harmonisation and alignment in order more effectively and efficiently to apply the official development aid.

In the German policy cooperation, Nicaragua continues to be a very important partner in Latin America. Since 2002, the governments of Nicaragua and Germany have established the following three priorities:

- decentralisa enoe •• o ... •• t •eg eieg • o • • • • • fQ • • f •
